03 July 2020

Dear Parents/Carers,

I trust you and your families are keeping well.

Many of you will be aware that the government has just issued new guidance to schools in relation to our return in September.

As a school, we are very excited to hear that we can welcome all of our children back at the start of the Autumn Term. We have remained open throughout lockdown to specific groups of children – currently supporting approximately 135. I reassure you however, that we will be carefully revising our current health and safety assessments to ensure we have in place the highest standards of care and provision in light of receiving all of our children back on site. The senior leadership team are meeting next Monday to begin our preparations for this new development.

We are also creating an opportunity for small groups of children to briefly meet their new teachers before the end of this term. This will be optional and for very small groups of children at a time, sensitively socially distanced using our field.

I will share full details of this with you next week, so please do look out for texts and emails with further updates.

We look forward to the safe return of all of our children back in the Autumn Term and all staff will work carefully with you during this transitional time.

With thanks and stay safe.

Miss Cox  
Head Teacher
